Education Corner

Ya-Wen Liu; How do you feel about accomplishing your CC award?

After finishing the CC manual, I look back and feel grateful to Sylvia for her encouraging me to join the SOS Toastmasters club.

During the one and half years in our club, I have not only learned practical skills for public speaking, but also made many good friends. With these, I have changed both in my speaking and in my private life. Now my new Toastmasters goals are to be an entertaining speaker and participate in table topics more.

I would like to say to the freshman in our club that as long as you attend the meetings regularly, the promise we made in your induction ceremony will come true: "We SOS Toastmasters club pledge to make your Toastmasters membership a rewarding experience."

SOS- Super Saturday Social

Thanks EVERYONE for participating in the SOS-SSS in October. The club progressed in both the Communications track and the Leadership track. I hope you all had as much fun and excitement as I did. Well done SOS!

**Congratulations
